About us

NHEI

New Horizon Educational Institution, Estd. in 1970, is dedicated towards creating tomorrow's leaders and supporting today's pioneers. NHEI has over 50 years of history as the flagship of kindergarten to higher education in Bengaluru. The institution has established itself as a nationally recognized, fully integrated institute and a center of progressive higher learning.

NHCE

New Horizon College of Engineering is an autonomous college permanently affiliated to Visvesvaraya Technological University(VTU), approved by the All India Council for Technical Education(AICTE) & University Grants Commission(UGC). It is accredited by NAAC with 'A' grade. All UG Courses are accredited by the National Board of Accreditation(NBA). It is an ISO 9001:2008 certified Institution. NHCE's undergraduate, postgraduate, professional and research programs offer you the opportunity to work in groups that are small enough to develop a supportive team culture but big enough to provide the necessary diversity for experience and learning. The scenic and serene campus of NHCE is surrounded by major information technology giants like Intel, Accenture, Aricent, Cisco, JP Morgan, Symphony etc to aid in the development of knowledge. NHCE provides an environment that is conducive to personal, intellectual and professional growth.

Master of Business Administration

Master of Business Administration (MBA) is a two year, full-time autonomous program, affiliated to Visvesvararya Technological University (VTU). The program proactively aims at, developing an inquisitive and analytical mind, seeking the right knowledge, acquiring appropriate skills, and fostering the right attitude to develop capabilities needed to manage enterprises. Furthermore, the program is committed to delivering the richness of entrepreneurship and multidisciplinary knowledge in a way where ethics and social commitments will be our cornerstones.The program offers Marketing, Finance, Human Resource, Business Analytics, and Operations specializations.

In addition to this, it also comprises of many certifications and value-added programs which ensure that students acquire all required skills to meet the industry standards and to overcome the challenges of current business scenarios. The teaching methodologies used to deliver the program are case analysis, discussions, assignments, PowerPoint presentations (PPT), remedial classes, guest lectures, industrial visits, workshops, seminars, orientation programs, industry connect programs, videos, and outbound activities. To give international exposure, foreign educational tours will be organized for those who opt for it.The program is inclusive of professional training viz placement training, effective communication, personality development, aptitude, and analytics that enable the students to match industry expectations and take on the challenges of the changing world.

About PhD Program in Management

The Department of Management Studies is recognized as the Centre for Management Research to offer the Ph.D. program in various functional areas of management by Visvesvaraya Technological University, Belagavi.

Benefits of Autonomous

- Academic Freedom
- Choice-Based Credit System (CBCS)
- Better Subject Choice and Electives
- Employability Becomes Easier
- Examinations
- Make-up Examination
- Fast Track Semester & Examination
- Internships
- Degree

Collaborations and Beyond

Harvard Business School Online

Harvard Business School Online Program: NHCE has entered into a Strategic Alliance with Harvard Business School Online, a unit of Harvard Business School (HBS), Boston- US, which is consistently ranked among the top business schools in the world to offer Harvard Business School Online courses in a uniquely engaging way to learn vital business concepts. This agreement is designed to bring the Harvard Business School classroom experience and case studies to participants. A student can choose any one program which is best suited for him and it includes Business Analytics, Economics for Managers, Entrepreneurship Essentials, Financial Accounting, and Sustainable Business Strategy. The biggest advantage of this initiative is that upon successful completion of the program, the participant will receive a certificate of completion from Harvard Business School Online and will get Alumni status & Lifetime benefits from Harvard Business School Online.

CAPSIM

Capstone® was created by CAPSIM® Management Simulations, Inc., USA. Capstone® simulation is used by Leading B-Schools and Corporate Executive Training by several Fortune 500 companies. This experiential learning technique has delivered lasting value to promising business enthusiasts. MBA students of NHCE get this opportunity to go through the experiential learning programme of the Capstone Business Simulation Tool.

SAP

SAP is integrated into the curriculum. All the three specializations got to learn their respective SAP Modules.

- SAP FICO
- SAP HCM
- SAP SD

IIMBx

New Horizon College of Engineering (NHCE) signed an agreement with the Indian Institute of Management Bangalore (IIMB) to launch its IIMBx B-School Partnership programme on 30th May 2018. The partnership includes a Certificate in Strategy and the Sustainable Enterprise and Certificate in Organization Design: Creating a Competitive Advantage for the MBA Program. IIM Bangalore is one of the top management B-schools in India known for its holistic, transformative and innovative education.This partnership programme enhances the thinking capabilities of the students. Certification programme from a premier institution like IIM Bangalore will strengthen the resumes of the students and provide better chances of good job profiles and higher pay packages.

Trakinvest

Department of Management Studies, New Horizon College of Engineering has signed an MOU with Fintech Infosystems Pvt Ltd for establishing an INVESTMENT LAB for using the virtual simulation platform – Trakinvest. Trakinvest ("TI" or "The Company") is an online platform focused on providing education, analytics, social intelligence, and AI tools for trading and investing. "Trakinvest" gives pro-investor access to real market data from multiple global exchanges to trade in, build a portfolio, monitor & evaluate their investment decision. It provides an eco-system for finance students to learn the art of investing by trial & error with virtual money. This "simulation platform" is integrated with the "MBA finance" subjects related to investment from the current semester and students will have hands-on experience of managing portfolios like an expert, test their investment strategies, leverage analytics/social tools and compete in simulations enhancing employability skills.

Whether you are in a start-up or a large organization, in a hi-tech or low-tech business, product or services business, this course will have something for you to apply in your context and make your organization more innovative.

Course Key Takeaways:

On completing this course, you will be able to understand

- What is innovation?
- Why innovate?
- Jugaad vs systematic innovation: The eight steps included therein-
  - Step 1: Lay the foundation
  - Step 2: Create a challenge book
  - Step 3: Build participation
  - Step 4: Experiment with low-cost at high-speed
  - Step 5: Go fast from prototyping to incubation
  - Step 6: Iterate on the business model
  - Step 7: Build an innovation sandbox
  - Step 8: Create a margin of safety

Course Length – 5 weeks

Course Syllabus

Week 1: Introduction

- Module Overview
- Understanding the Concept of Innovation and its Importance
- Types of Innovation
- Innovation in Organization

Week 2: Step One and Two

- Module Overview
- Step One: Lay the Foundation

- Create a Challenge Book
- Let's Discuss Steps One and Two
- The Innovation Activity

Week 3: Step Three and Four

- Module Overview
- Choosing the Right "Role Model"
- Ways to Motivate Innovation Activity in Organization
- Role of Catalyst in Building Participation in Innovation Process
- How to Overcome Velocity Problem?
- Failure Fallacy
- Encouraging Experimentation
- Prototyping

Week 4: Step Five and Six

- Module Overview
- Being a Champion
- Iterating on Business Model
- Design of a Pitch
- Business Model Metaphors

Week 5: Step Seven and Eight

- Module Overview
- Ways to Enhance the Batting Average Problem
- Sand box, Platform and Open Source Approach
- Intellectual Property Protection
- Risk Management
- Big Bets Risks
- Where Do We Stand?

Pedagogy: The course includes a mix of videos, quizzes, discussions and additional resources to help you understand the subject better.

VALUE ADDED PROGRAM

IIMBX Online Certification on "Managing Innovation"

(2022-24) Batch

Title	**IIMBx Online Certification Course on "Managing Innovation "**
Department	Department of Management Studies
Date	19th July – 25th September' 2023
Time	Duration (5 weeks)
Speaker Name	Professor Prof. Rishikesha T Krishnan, Professor – Strategy & Innovation, IIM Bangalore.
Brief Description	Department of Management Studies, NHCE offers Digital Learning Programme from IIM, Bangalore for the students who have opted GP Program. The Online course is on "Managing Innovation". Course Instructors were Prof. Rishikesha T Krishnan and Prof. Vinay Dabholkar, Professor – Strategy & Innovation, IIM, Bangalore. Duration of the Course is 5 weeks. The Structure of the course includes initial online Orientation followed by Mid Exam and Final Exam. Final Grade report was released on 11th September and Batch Conclusion on 25th September' 2023. The Assessment pattern includes Discussion Forum, Video Views, Time spent on the course, Mandatory Webinar Attendance and Attempting Un – graded Questions. About the Course: "Managing Innovation" Innovation is often perceived as a positive result of an accident or chance and therefore looked upon as an unplanned phenomenon. But as organisations constantly struggle to maintain a consistent flow of innovation, it is important to explore the means through which innovation can be made an inherent part of an organisation by laying down systematic innovation processes. This IIMBx course, Managing Innovation, explores the ways in which organisations can have new innovations coming up on a regular basis without having to wait for luck or chance to make it happen. The course explains how professionals can switch from an ad-hoc or jugaad way to a more systematic approach to building innovation capacity in their teams or organisations. It also demonstrates how one can build an innovation pipeline, improve idea velocity, and enhance business impact through a simple, 8-steps approach. The course allows learners to explore various ways of sustaining participation in innovation activities which includes Explaining- what is innovation, Outline the importance of innovation in any given organisation, develop a business model and create a business pitch, Recall the 8 steps to

	innovation discussed in the course and implement the 8 steps suggested by the course for innovation in their own business contexts.
