AWARENESS PROGRAM ON FOLLOWING THE PROPER TRAFFIC RULES

We gladly thank New Horizon College of Engineering and the department of MBA for giving us the great opportunity to interact with the city traffic police on 02/02/2022. We all have acquired a good knowledge about the rules and regulations to be followed while riding or driving vehicles, and also we are made aware of the documents to be carried while travelling on our private transport.

The traffic police team also gave us the awareness and also motivated us on being a modal road user, They insisted us to help the accident victim on road if any and also to educate others On the road safety. That is the important message given by the City traffic police to the students of New Horizon College of Engineering.

They also displayed some posters in which it stated that what all Are the requirements to be done by the good citizens of the city to be followed while riding or driving a vehicle. The traffic police gave a call to the young minds to develop a sense of helping people or at least to inform the police department by dialing 100, if not to take the accident victim to the nearest hospital etc... Lastly we thank our college for giving us this wonderful opportunity to learn right things at the right time and also it is a Great opportunity for the students of our college to educate people from outside about the traffic rules and Necessities to lead a safer and peaceful life. On behalf of students from New Horizon College of Engineering we thank our HOD mam and the department for giving us this wonderful opportunity to learn good things and to be respectful Horizonites......!!
