Title	MBA Workshop – "Industry Sector Analysis Workshop – Decision Science Specialization"
Department	Department of Management Studies
Date	4th September 2023
Time	2.00 PM to 4.00 PM
Speaker Name	Mr. Sunil R D, Global Training Manager, Dover Corporation.
Brief Description	Department of Management Studies, NHCE had organized an Industry sector analysis workshop in "Decision Science Specialization" for all the 3 sections of II Semester MBA students. The Honourable speaker of this session was Mr. Sunil R.D., Global Training Manager, Dover Corporation. MBA in Decision Sciences graduates have a wide range of opportunities in the corporate world, making it one of the most sought-after MBA specialisations. Graduates with an MBA in Decision Science have a wide range of career options in the public and private sectors, including business analyst, data analyst, data engineer, predictive modeler, risk management analyst. Business analytics is the process of collecting, combining, sorting, processing, and using statistical models and methodologies to transform data into business insights. It helps in determining which dataset is useful and how it can be leveraged to solve problems and increase productivity, efficiency, and revenue. students learn topics like – Data Mining, Decision Models, Visualization, data acquisition and preparation, and Customer analytics. We thank Dr Guru Basava Aradhya, Head of department of Management studies for organizing such an insightful session that is relevant to the industry and for constantly encouraging and motivating students.
