- 
- BOS members appreciated the effort of mapping PO's and CO's with the modules in the respective subjects.
  - Dr. Ranga Raju emphasized on the need of building practical components in the subjects. He was of the opinion that excel can be incorporated in subject like QTM, and SPSS in Business Research Methods. HOD Dr. Sheelan Misra brought to the notice of the board members that these tools are a part of the syllabus as well as value added programs.
  - It was mentioned by Mr. Arun Bhardwaj that the distribution of course among the semesters was good and significant enhancement to the program outline can be seen. Practical components should be increased which will help the students to apply learning of the course towards solving practical business problems.
  - Dr. P . V. Raveendra suggested to introduced self study component in EDP and Strategic Management and to avoid the same from Quantitative techniques for decision making.
  - Dr. Roopa T N mentioned to accommodate practical skill components in courses where ever applicable.
  - During the discussion it was suggested that applications based assignments can be given in the Quantitative techniques for decision making subject.
  - Dr Roopa T N Suggested that Practical components need to be included and more focus should be on the depth of the course.
  - Dr Ranga Raju suggested that, "Term Paper" Concept can be looked into where students can choose one company and study all the concepts practically in the organization and correlate with the theoretical concepts in the subject. For eg: Student will choose one company and study supply chain management practices, for his course supply chain management and present a paper in the classes. BOS Chairman, Dr. Sheelan Misra informed the board that term paper concept has been taken care in the form of seminar, which is introduced in the second semester of MBA program.
  - BOS members have suggested that if possible, one core course can be include in the 3 rd semester, Quantitative for decision making subjects for first semester can be relooked and Business research methods can be included with software packages
  - Dr. Arun Bharawdaj also focused on providing application insight to the theoretical concepts. He said, application of tools by students in different scenarios is important.
