Brief Description	<p>Dr.M.Shanmuga Priya, Associate Head – HR, ORMAE, Bangalore addressed students of all the 3 sections of I year MBA in Falconry Hall. The chosen topic will support the course Management Principles and Organizational Behaviour.</p> <p>Employee Attitude at Work place</p> <p>Employee attitude is the positive or negative display of motivation an employee show. It can be displayed toward individual job duties, products or services, coworkers or management, or the organization as a whole in the workplace. Attitudes help to develop the prevailing workplace environment that determines employee morale, productivity and team building abilities. A negative attitude in the workplace creates an atmosphere of distrust among employees and causes employees to attempt to achieve success at the expense of each other</p> <p>Emotional Intelligence at Workplace</p> <p>Emotionally intelligent employees are also good at being supportive. They can identify when a colleague is upset about a work or personal issue and talk to them in a way that helps reduce stress and allows the other person to cope. Emotional Intelligence (EI) is the ability to manage both your own emotions and understand the emotions of people around you. There are five key elements to EI: self-awareness, self-regulation, motivation, empathy, and social skills. People</p>

with high EI can identify how they are feeling, what those feelings mean, and how those emotions impact their behavior and in turn, other people.

We thank our HOD, Dr. Rose Kavitha for arranging such an insightful session for the I year MBA students.
