Content-Brief write up	<p>The Department of Management Studies and the Alumni Association at New Horizon College of Engineering had organized an Alumni talk titled "Meet Gen Z and Gen Alpha: Next Generation of Workers". The event aimed to bridge the gap between academic learning and corporate expectations, providing students with insights from industry professional. Alumni expert for the session was Ms. Preethi, the event was coordinated by Dr. Krishna Kumar, Associate Professor with the support of our convener Dr. Rose Kavitha, Professor and Head of the department MBA. Ms. Preethi delivered an insightful talk on her journey from being a student to becoming Sr. Associate – HR. She provided valuable insights on transitioning from college to the corporate world, emphasizing the significance of continuous learning and skill development, as well as discussing the challenges commonly encountered in the workplace. Additionally, she offered career advice and tips for managing stress in a corporate environment. The session included an interactive Q&amp;A where students asked questions about career planning, internships, and professional responsibilities.</p> <p>Ms. Preethi's input was especially valuable, offering a practical perspective that complemented their academic studies. The event underscored the importance of alumni engagement in enhancing educational experiences and preparing students for professional life.</p> <p>. We thank Management of NHCE for providing us with the platform to organize the event.</p>
