

**DEPARTMENT OF MANAGEMENT STUDIES**  
**VALUE ADDED PROGRAMME (2025-27)**  
**Workshop on “Power BI”**

<b>Title</b>	Workshop on “Power BI”
<b>Department</b>	Department of Management Studies
<b>Date</b>	4 <sup>th</sup> May– 9 <sup>th</sup> May’ 2026
<b>Time</b>	Duration (6 days) – 2 days for each section
<b>Speaker Name</b>	Mr. Raghu Prasad K S, CEO, Kaushalya Technologies
<b>Brief Description</b>	<p>A workshop on Power BI was organised for the 2025–27 batch from May 4 to May 9, 2026. The sessions were conducted by Mr. Raghu Prasad K. S., CEO of Kaushalya Technologies, who delivered a six-day training programme for all three sections of second-semester MBA students. Following hands-on practice with dashboards, students underwent an assessment to evaluate their understanding, after which certificates were awarded to all participants.</p> <p><b>Visual Analytics Using Power BI</b></p> <p>Visual Analytics using Microsoft Power BI is highly beneficial for MBA students as it enables them to analyse and interpret business data through interactive dashboards, charts, and reports. It helps transform raw data into meaningful insights, thereby enhancing decision-making and problem-solving abilities. Students across specialisations such as Marketing, Finance, Human Resource Management, and Operations can use Power BI to examine customer behaviour, financial performance, employee productivity, and market trends.</p> <p>Additionally, Power BI strengthens presentation and reporting skills by allowing students to design visually appealing and informative reports. As many organisations today rely on Business Intelligence tools for strategic planning and performance monitoring, proficiency in Power BI significantly boosts employability, and provides practical exposure to real-world data analytics.</p> <p>Overall, Visual Analytics using Power BI fosters analytical thinking, supports academic research and projects, and prepares MBA students for data-driven managerial roles in the corporate world.</p>

## Schedule and Timings

S.No.	Date	Timings	Hours	Topic	Section
1	4/5/2026	9.30-4.30	6	Introduction to Power BI and getting started	SEC A
2	4/5/2026	9.30-4.30	6	Data Modelling with DAX and Mini project	SEC A
3	5/5/2026	9.30-4.30	6	Introduction to Power BI and getting started	SEC B
4	5/5/2026	9.30-4.30	6	Data Modelling with DAX and Mini project	SEC B
5	6/5/2026	9.30-4.30	6	Introduction to Power BI and getting started	SEC C
6	6/5/2026	9.30-4.30	6	Data Modelling with DAX and Mini project	SEC C
